## PROJECTS

- Online Quiz Website [Hackathon]:**

I completed a project on Online quiz website during my intra- college Hackathon competition. This website provide a basic interface of a quiz website with Home, Scoring, Leader board feature.

- My Portfolio Website:**

I Created a dynamic portfolio website during my internship in Pinnacle Labs to highlight my projects, skills, and professional experience. Designed with a modern, responsive layout, it offers seamless navigation and an engaging user experience, reflecting my expertise in web development and design principles.

- News-Website:**

I Developed an API-based real-time news website during my internship in Pinnacle Labs that delivers the latest updates from various sources. Built with a focus on performance , the site offers users a seamless experience with timely news coverage and intuitive navigation.
